

2015 MCCI CONFERENCE

Making Mangaung the Green Capital of SA

The time has arrived for the MCCI's all-new, innovative 3-day conference (and multi-cultural, green exhibition) - a unique event whereby renowned international and national speakers will be sharing their expertise on the four unique aspects of greening our economy and saving our planet:

- > New and renewable energy resources
- > Water - new strategies, technologies and ways to protect this scarce resource
- > Generating fuel, gas and alternative energy through the recycling of waste (including landfills and sewerage)
- > The 'green-built' industry

This event will be for our province, initiated by the MCCI, in order to ignite a 'Proudly Free State' campaign.

DATE: 20 - 22 October 2015

VENUE: Monte Bello Estate, Bloemfontein
